Watch Your Kidneys

Their action controls your health. Read what Foley Kidney Pills have done for your neighbor, Mrs. L. A. Stemm, 1247 N. Main St., Elkhart, Ind., says: "I had a severe case of kidney and bladder trouble and I could find no relief until I used Foley Kidney Pills. They acted directly on my kidneys and regulated them into a healthy condition. I had been troubled with gall stones and swollen ankles, but all these things disappeared and I am never troubled now with these symptoms. Foley Kidney Pills did wonders for me and I shall always recommend them." For sale by all Druggists.

NEW BUILDING IS CREDIT TO WHOLE COUNTY

LAUER BROTHERS HAVE COMPLETED ONE OF THE FINEST STRUCTURES EVER BUILT IN NORTHERN INDIANA.

OCCUPY NEW QUARTERS

Fixtures Have Arrived and Store Is Rapidly Being Arranged—Office Suites on Second Floor.

The new Lauer building, just completed, is one of the best ever built in Northern Indiana, and will be a credit to Plymouth for all time.

Occupying what everyone concedes to be the "best corner in town" it covers the whole of the 126 feet in length on Garro street and 40 feet on Michigan street, with the deepest basement in the city, and walls built for five stories if ever occasion requires their use for that much more building.

The light buff brick and Bedford store trimmings give it a distinct appearance as well as a beauty that cannot fade away. Its outlines are strong and plain, the colonial windows adding that touch of beauty which delights the heart of an artist.

This splendid new building fronts on Garro street and the entrance here is most imposing and beautiful in Bedford limestone. The lobby is laid in tile and the stairway is broad and easy. The building is planned here for elevators in case one or more stories are added. There is also a stairway from Michigan street.

The main entrance to the store is on Michigan street. This is also plate glass windows makes this front laid in tile. The wide expanse of a most rich and beautiful one.

Fixtures Have Arrived.

The fine wood fixtures which were delayed in Grand Rapids by the strike, arrived last week and have been put in place. They are cabinets for the proper care and handling of clothing, hats and caps. These are the very latest devices of the clothing store business. Hats are no longer kept in boxes—they are displayed in glass cabinets so the customer may see at a glance what he wants. Suits are kept in the same way instead of being piled up on tables.

There is a cabinet for children's suits exclusively where all the sizes are kept in separate piles on shelves which slide into the cabinets.

Store Room and Basement.

Mr. Mose Lauer, proprietor of "Lauer's Good Clothes Store of Course," has now one of the finest store rooms in Northern Indiana. You can find none as good in South Bend, nor one in Ft. Wayne which surpasses it. Large and airy, with floods of light, it is the ideal of the up-to-date clothier. Below is a basement 10 feet high which is packed with goods, which it will take weeks to arrange.

In the rear basement is the furnace which heats with steam the entire building. Prism glass in the walks over the corridor about this basement throws much light below.

Second Floor Offices.

On the second floor are some of the finest suites of office rooms in the state. Attorney L. M. Lauer, who is joint owner of the building with his brother, Mose, occupies here the corner suite of three rooms.

These apartments have beautiful tinted walls, are finished in oak with massive doors, and are splendidly lighted.

The real estate firm of Bollman, Garn & Yockey occupy the suite just south of Mr. Lauer fronting on Michigan street.

On the Garro street side D. L. McKesson will occupy the rear suite and tenants are rapidly arranging to get into these quarters.

There are ten suites altogether, all of them well lighted, with the best of oak finishings, and steam heated. The wide hallway is lighted by three large skylights.

As Seen At Night.

All the lights on, both above and below, this new Lauer Building is a thing of dazzling beauty and one which our citizens will take pleasure in showing visitors.

The cost of this new structure reaches up to about \$25000 and the skill of putting the splendid plans into such splendid consummation belongs to contractor J. S. Ness who closely followed the plans of the architects, C. E. Elwood & Sons, Winona, Indiana.

ASSESSORS TURNING IN REPORTS

REAL ESTATE AND PERSONAL PROPERTY ASSESSED THIS YEAR. TWO TOWNSHIPS SO FAR SHOW LOSS.

Although the Assessor's reports are not due until June 1, several of the Assessors are through and have already handed their reports in to the Auditor's office. It is impossible this early to estimate what the totals for the county will be. The gain will probably not be as large as might be hoped for two of the townships reported so far show a loss. These are Polk and Green. The Board of Review will have to go over some of this work again, as it is their duty to do, and will probably raise the figures somewhat.

Following is a list of the townships and towns already in and the figures this year and last:

Polk—1911	\$832,340
1910	862,875
Green—1911	690,270
1910	695,125
North—1911	883,640
1910	824,215
Lapaz town—1911	54,745
1910	53,180
Bourbon town—1911	463,450
1910	407,705

The real estate as well as the personal property is assessed this year. The Tippecanoe township Assessor has finished the work but as yet has not turned in his work. He reports a gain, however.

Green Township Commencement.

The Green township commencement exercises were held Thursday night at Jordan church. Mr. Steinbach and family attended. Green township gave diplomas to thirteen graduates this year. A Correction.

By mistake last week in our weekly paper we had the obituary of Mrs. Catherine A. Snyder-Heller appearing as Mrs. Catherine A. Snyder-Hillis.

Foley Kidney Pills are a true medicine. They are healing, strengthening, antiseptic and tonic. They act quickly. For sale by all Druggists.

Dr. Eikenberry's day is Friday of each week.

BUSINESS OF CITY FATHERS IS RUSHING

NEW PUMP ORDERED FOR WATER-WORKS—PRICE OF CEMETERY LOTS RAISED—WALKS ORDERED.

STREET GRADES GIVEN

Mayor And Council Will Attend the June Meeting of the State Municipal League.

At the city council meeting last night the members voted to attend the next meeting of the State Municipal League, to be held at Crawfordsville on June 20-22. Councilman Vangilder was the only one to dissent to the motion for this action on the part of the council. An appropriation of \$70 was made to pay the expenses and \$10 for the fee.

Much other business was attended to in the direction of streets, sidewalks, cemetery lots, etc.

Jacob Roth petitioned for a sidewalk in front of lot 49 on the east side of Mansfield street, and the walk was ordered.

Licenses to build cement sidewalks were granted to Mel Hermann, Joe Sebell and John Seifers.

City Engineer English reported that he had renumbered the cemetery lots as he had been directed. In connection with this report there was a discussion of the prices of the lots and it was decided that prices should be raised. They will range now all the way from \$15 to \$100 per lot, according to location.

On motion of Mr. Swindell it was ordered that a new pump be bought for the water-works, of the same make and capacity as the one we now have.

Establish Street Grades.

By unanimous consent of the council the engineer was directed to establish the grades on Nursery and Plumb from Jefferson to Harrison.

The street and alley committee reported the need of new cement sidewalks in about 60 different places all over the city. Look out for the notice.

Engineer English was authorized to purchase a new leveling rod.

City Treasurer Hahn made the following report:

Prominent Lady In City.

Mrs. Grace Julian Clarke, State President of the Federation of Women's Clubs was in Plymouth Wednesday. She was enroute from her home in Indianapolis to a meeting at Valparaiso. She took occasion while in the city to call on some of the Saturday Club ladies and expressed the wish that she might meet many of them at the District Meeting at Winona Lake in July and also the State Convention at Indianapolis in October. Mrs. Clarke is much interested in the progress of Plymouth library affairs and hoped to be able to see the building in progress of erection.

Do you have the right kind of help?

Foley Kidney Pills furnish you the right kind of help to neutralize and remove the poisons that cause backache, headache, nervousness, and other kidney and bladder ailments. For sale by all Druggists.

Do You Feel This Way?

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will get your lazy liver to work. It will set things right in your stomach, and your appetite will come back. It will purify your blood. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about a cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice.

Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good." Dr. Pierce's medicines are on known compositions. Their every ingredient printed on their wrappers. Made from roots without alcohol. Contain no habit-forming drugs. World's Dispensary Medical Association, Buffalo, N. Y.

BUFFALO TONGUES.

The Blackfoot Indians Used to Turn Them Into Hairbrushes.

"Walrus whisker toothpicks and buffalo tongue hairbrushes!" the explorer cried.

And he displayed a packet of black toothpicks tied with a strip of red rawhide and a flat black hairbrush that seemed molded out of rubber. "These two articles," said the explorer, "are of strictly native manufacture—native American manufacture. Take the toothpicks first. They are made by the Indians of Alaska. The Indians, whenever they kill a walrus, pluck from his face his long and stiff whiskers, cure them and ship them to the Chinese. At every fashionable Chinese dinner you will see the stately mandarins between each course picking their teeth with these walrus whisker toothpicks.

"It's the Blackfoot Indians who use buffalo tongue hairbrushes. A buffalo's tongue is rough. The spines on it make very good hairbrush bristles. And these bristles in a Blackfoot brush don't come out, for the Blackfoot simply skins his buffalo tongue, cuts it in hairbrush shape, cures it, and there you are.

Every Blackfoot in the past had his buffalo hairbrush. But those days are gone—gone with the buffalo herds—and where in the fifties you could buy a good buffalo tongue brush on the plains for a nable of puppy dog stew I doubt if you could get one now for a keg of firewater."—Washington Post.

The Difference In Speed.

The professor of shorthand in a local business college adduced this unanswerable argument in an address to a new class the other day:

"We are told that it took Gray, author of the well known 'Elegy in a Country Churchyard' seven years to write that famous poem. If he had known stenography he could have done it in seven minutes. We have graduates who have done that same poem in that length of time."—Cleveland Plain Dealer.

He Would Indeed.

"What's this word, pa?" asked Willie, pointing it out in his book. "Phenomenon," replied pa. "Well, what is that?" "That, my son, is exactly what you would be if you never disturbed your father with questions."—Catholic Standard and Times.

Asbestos.

Asbestos, which takes its name from a Greek word meaning incombustible, consists chiefly of silica, magnesia, alumina and oxide of iron. It was known to the ancients, who used it as a wrap to preserve the ashes of those whose bodies were consumed on the funeral pyre.

Are You a Lifter?

Did you ever watch a crowd of farmers moving a wagon load of grain? Some will make lots of noise, some will push with one hand, some with both, but you will always find a few fellows grabbing hold of the spokes, or with shoulders under the wagon, lifting until they are red in the face. These are really the fellows who do the business. Of course the other fellows get more or less credit for moving the load even if they do nothing but shout. The Commercial Club of Plymouth are asking for a lift, they want every man, woman and child in Marshall county to lift for Plymouth—lift until you are red in the face and there by earn your own credit.

No agents or solicitors employed.
